Subject: The 3M Project

Memorandum

This is your invitation to two important functions in the next three weeks:

1. A brown bag luncheon at the Nukewatch office from noon to 1:30 p.m., Friday, July 8, to discuss the project and to be filled in on the planning to date.
2. A three-day bring-your-own-bag, bring-your-own-food retreat for 3M participants at The Dwelling Place, 528 N. 31st St., Milwaukee (414/933-1100). A tentative agenda for the retreat is enclosed.

There appears now to be about 50 prospective participants from a wide area of the Midwest, arranged in three groups: the Chicago, Milwaukee, and Madison groups, plus (we hope) some local participants from Missouri. The Madison group has been assigned two missile silos.

At the July 8 meeting in Madison we want to discuss with you three forms of participation:

- a) Occupiers: those going over or through the fences. Maximum possible penalty is one year in prison for illegally entering a federal military facility, plus one year for conspiracy.
- b) Witnesses: those going up to, but not beyond, the 25-foot line for purpose of witnessing the action. Could bring a charge of conspiracy or being an accessory to a crime.
- c) Transporters: Helping out with transportation, media work, etc. ~~None~~ Minimum risk.

Please be thinking hard about your potential role.
